

UC San Diego Health

Information Authorization/Release Between the Medical Board of California and UC San Diego Health

Once you have submitted your application to the Medical Board of California (MBC) for licensure, the Office of Graduate Medical Education (OGME) will endeavor to assist you during this process. In order for the MBC to discuss deficiencies and the general status of your application with the OGME, your permission is required so they may respond to our inquiries.

I, _____ give permission to the Medical Board of California to discuss the status of my application for licensure with the staff of the Office of Graduate Medical Education at UC San Diego Health.
