For the M1 students: those who don't waive UCSHIP during the fall quarter are automatically given the ES effective date and are charged the ES fee. Exception: if the student is already covered by UCSHIP (e.g. as an undergraduate for spring quarter), ES does not apply to them.

For M2, M3 & M4: only those who were on LOA (e.g. not attending UCSD) for spring quarter and who want ES UCSHIP would fill out the form.

For all continuing students, coverage continues up to the start of the following quarter with no gap in coverage.
