San Diego Glycobiology Symposium (virtual)

SDGS 2022
April 7 - 8

The 24th Annual San Diego Glycobiology Symposium (SDGS) will take place on April 7-8, 2022.

SDGS brings together researchers with a major interest in glycobiology from the University of California and other California institutions. The objectives of SDGS are to exchange information on the latest advances in the field and to promote interactions among attendees from academia, biotechnology and the pharmaceutical industry.
