

2019 Science Enrichment Education Program

UC San Diego Housing Options for Summer 2019

Unfortunately, our program does not have the financial capacity to provide housing. Below are some resources to help find affordable housing, sublets, roommates seeking roommates, and so forth.

On-campus:

Summer Intern Housing spaces for summer 2019 are available between **June 22nd and September 2nd**. The on-campus housing program is unable to accommodate any request for housing outside of these dates. The location of the housing will be on the UC San Diego campus in the Eleanor Roosevelt Campus apartments. Each guest will have his/her own room (single room in a shared apartment) at the rate of \$45 per night (no meals will be included). There will be no linen service available, but there will be cleaning once a week in common areas and basic kitchen supplies are provided. A minimum of 14 nights is required. *Please inform France Nguyen-Grozavu if you are interested in this option before you book a reservation on your own if you cannot avoid the 25% deposit payment in advance.*

If you are interested in making a reservation, please complete the [online request](#) (click for weblink). Be sure to carefully read all the information in landing page before moving forward. For more information, please contact Joe Fejeran at (858) 534-0235 or you can email guesthousing@ucsd.edu.

We advise you to take some time to visit and read the information provided on the websites above as they contain a plethora of good information, advice, and tools for finding the right housing option.

Below is a list of local apartment communities who have expressed interest in housing faculty/students/staff. Some of these companies own/manage multiple locations and not just the ones shown here. We could not provide rent rate information as it could change. For rent rate information, please contact the specific apartment community of interest (*NOTE: contacts may have changed*).
