

2019 Science Enrichment Education Program

San Diego State University Housing Options for Summer 2019

The website below offers information about housing options available for incoming SDSU community college transfer students. *The students who are admitted to the Science Enrichment Education Program will be permitted to use these housing options even though they have not officially yet begun their coursework at SDSU.*

Below are links to off-campus housing/student commuter services (*NOTE: websites may not have been recently updated*):
