September 24, 2019

Dear Valued Exhibitor,

On behalf of the University of California, San Diego Division of Regional Anesthesia and Acute Pain Medicine, I would like to invite you to participate in our upcoming **14th Annual UCSD Ultrasound-Guided Regional Anesthesia Course**, to be held on **January 25-26, 2020** at the UC San Diego Center for the Future of Surgery, located at the Medical Education and Telemedicine Building in La Jolla, California.

This program consists of lectures, cadaver dissections, ultrasound imaging, block technique videos, perineural catheters and infusions, simulations, and hands-on techniques in cadavers for the advanced workshop and ultrasound-guided vascular access workshop. The annual advanced regional course event has been well received in the past and we are expecting an enthusiastic response to this year's program as well. Each year we anticipate approximately 60 attendees, which include anesthesiologists, CRNAs and orthopedic nurses and physicians. May we count on your company for support this year?

Vendors are invited to participate in our symposia by contributing a Display Fee. A minimum of \$2000 is required for a display fee. In addition, vendors are cordially invited to contribute to breakfast and lunch arrangements for attendees. Please note that vendor contributions are non-refundable upon cancellation. We provide a 6 ft. display table which is located in the same vicinity as our coffee breaks, providing an excellent forum for interaction between the representatives and any interested physicians.

Participating vendors will be acknowledged if we receive written confirmation before **Friday, December 20, 2019**. Please make your check payable to: "UC Regents". The taxpayer ID for the University of California, San Diego is **95-6006144**. Please feel free to contact me with any questions. Please send your display fee and contribution to the address above along with a signed copy of the enclosed Letter of Agreement prior to November 15, 2019 to save your spot. All transactions must be administered through UCSD, in accordance with the CME guidelines relating to any financial support from vendors.

If you have any additional questions or suggestions, please contact Amber Millen at (858) 534-3865 or amillen@ucsd.edu.

Again, I want to thank you for your interest in the professional development of our providers and we look forward to your company's support and participation in the educational events we provide for our caregivers.

Sincerely,

A handwritten signature in black ink, appearing to read "Rodney Gabriel".

Rodney A. Gabriel, M.D., M.A.S.
Chair, 14th Annual UCSD Ultrasound-Guided Regional Anesthesia Course
Associate Clinical Professor of Anesthesia
Division Chief, Division of Regional Anesthesia and Acute Pain Medicine
