Millions of livers suffer in silence.
Join us on June 12th
for the 1st International NASH Day
to raise awareness about NASH!

TUESDAY, JUNE 12, 2018
11:30AM-2:00PM

ACTRI Level 1 Auditorium/ACTRI Courtyard

The 1st International NASH Day is a day to spread scientific and medical knowledge to the general population. This event will feature an **educational program**, followed by a **lunch with informational activity booths**.

International NASH Day will be the opportunity for many NASH specialists in research centers to communicate about the disease to their patients, the general public and their medical colleagues.

The NAFLD Research Center and The NASH Education Program believe that collaborations with other parties including academic organizations, patient associations, hospitals and specialized centers will contribute to the success of this initiative.

STRENGTH IS IN NUMBERS
Join the growing coalition to fight NASH!
PLEASE RVSP: k2berger@ucsd.edu or (858)-246-0006

Hosted By:

Dr. Rohit Loomba and UCSD NAFLD Research Center
