

IPATH AND THE VIRAL
INFORMATION INSTITUTE PRESENT:

TRANSLATIONAL RESEARCH IN BACTERIOPHAGE THERAPIES SEMINAR SERIES

Please join us for an exciting presentation in our seminar series. Each month, IPATH and the Viral Information Institute invite speakers with unique bacteriophage knowledge to speak on how research can be translated from the bench to the bedside. The seminar series alternates every month between UC San Diego and San Diego State University campuses.

Darwin's *entangled bank* may hold the key to developing more effective bacteriophage therapeutics
