Please be reminded that pursuant to policies of the ACGME, of the UC San Diego (UCSD) Graduate Medical Education Committee and of the National Residency Matching Program (NRMP), applicants to your training programs must receive documentation regarding the Terms and Conditions of Appointment to UCSD GME Training Programs. Incoming trainees are required to complete and sign all documents.

Per NRMP regulations, this information must be communicated to interviewees in writing prior to the rank order list deadline. The NRMP recommends that each program obtain a signed acknowledgment of such communication from each applicant who interviews with their program. An acceptable alternative is to post the contract and policies on the institution's website4 and notify interviewees where the information may be found. The signed acknowledgment should include a statement that the interviewee was notified that the information is posted on the website.

## LEAVE POLICY

### Vacation

House Officers accrue vacation at the official rate of 13.33 hours per month. This provides a total of 20 vacation “working days” per year. Due to the complexities of rotation schedules for House Officers in various training programs, 28 calendar days or one calendar month will be given as leave depending upon the mode of scheduling of a given service.

### Sick Leave

House Officers shall accrue sick leave at the rate of 8 hours (one working day) per month, which is the equivalent of 12 working days per year.

### Sick Leave – Family Illness

A House Officer shall be permitted to use not more than 30 days of accrued sick leave in any calendar year when required to be in attendance or to provide care because of the illness of the House Officer’s spouse, parent, child, sibling, grandparent, or grandchild. In-laws and step-relatives in the relationships listed also are covered.

### Disability Leave – Pregnancy/Childbearing

A House Officer disabled due to pregnancy, childbirth, or related medical conditions shall be granted a medical leave of absence of up to four months, but not to exceed the period of verified disability.

Pregnancy disability leave may consist of leave without pay and/or paid leave such as accrued sick leave, and accrued and/or advanced vacation leave. This is a job-protected leave, and your benefits will continue to be paid by the University while you are out on this leave.

If a House Officer on an approved pregnancy disability leave is also eligible for family and medical leave, (noted below under Family and Medical Leave), up to 12 work weeks of pregnancy disability leave shall run concurrently with family and medical leave under Federal law. Upon termination of a pregnancy disability leave that runs concurrently with Federal family and medical leave, a House Officer is also entitled to up to 12 work weeks of State family and medical leave (designated as Supplemental Family and Medical Leave).

### Parental Leave

Parental leave may be granted in accordance with the provisions of:

- FMLA /CFRA for the purpose of caring for the House Officer’s newborn or a child placed with the House Officer for adoption or foster care
**Family and Medical Leave**

Family and Medical Leave (FMLA) is a job-protected leave, provided for an eligible House Officer’s serious health condition, the serious health condition of the House Officer’s child, spouse, or parent, or to bond with the House Officer’s newborn, adopted, or foster care child in accordance with State and Federal law in effect at the time the leave is granted.

A House Officer is entitled to up to 12 work weeks of FMLA leave during the 12 month leave year, provided that:

- The House Officer has at least 12 cumulative months of University service (all prior University service shall be used to calculate the 12-month service requirement); and
- House Officer has worked at least 1,250 actual hours during the 12 months immediately preceding the commencement date of the leave.
- Your benefits will continue to be paid by the University while you are out on this leave.

**Professional Leave**

With the approval of the Training Program Director, House Officers may be granted up to five work days of leave with pay, per academic year, to pursue scholarly activities pursuant to their educational curriculum. Time not taken may not be carried over from one academic year to the next and will be forfeited.

**Effect of Leave on Completion of the Training Program**

Make-up time may be required to meet the educational objectives and certification requirements of the training program and/or the American Specialty Board when a House Officer is required to utilize leave time.
