

OB/GYN Research Faculty Assistant, Associate or Full Professor

The Department of Obstetrics, Gynecology, and Reproductive Sciences at the University of California San Diego is committed to academic excellence and diversity within the faculty, staff and student body and is seeking Associate or Full Professor (Ladder Rank/In-Residence) - OB/GYN Research Faculty.

The Department is comprised of 61 faculty members (42 clinical faculty, 8 physician-scientists (including 2 MD/PhDs), and 11 PhD researchers). We are currently ranked 5th among Ob/Gyn departments in NIH funding and have active research programs in placental biology, exRNA biology, early embryo development, PCOS, stress, neuroendocrine control of reproduction, spermatogenesis, ovarian cancer, pelvic floor muscle physiology, contraception, and the reproductive microbiome.

The successful candidate will benefit from the highly stimulating and collaborative environment within the department. UCSD has recently launched the Center for Perinatal Discovery, which the candidate will become a member of. The overarching mission of the Center for Perinatal Discovery is to understand both the effects of maternal health on fertility and pregnancy, and the effects of pregnancy exposures and outcomes on maternal and offspring health throughout the lifespan. The Department is interested in candidates with a demonstrated commitment to research excellence and participation in teaching, research, service, and in building an equitable and diverse scholarly environment.

Candidates must have a PhD, MD, or equivalent degree and a current research program in a discipline relevant to women's health with a track record of obtaining substantial extramural funding and high productivity with regards to peer-reviewed publications. Candidates with an MD must have or be eligible for a California medical license or equivalent certification/permit as determined by the Medical Board of California and be Board eligible or certified in OB/GYN or related fields.

Candidates with a strong research background in computational biology, reproductive immunology, or endometrial biology are preferred.

Appointment will be at the Assistant, Associate or Full Professor rank. Series will include 100% Ladder Rank or 50% Ladder Rank / 50% In-Residence with secured extramural funding. Rank and series of appointment will be based on skills and qualifications of the candidate. Salary is commensurate with qualifications and based on University of California pay scales. The level of appointment will be commensurate with qualifications and experience.

A link to full descriptions of each series is provided for your review:

•Ladder Rank Professor - see: http://www.ucop.edu/academic-personnel-programs/_files/apm/apm-220.pdf

•In-Residence Professor - see: http://www.ucop.edu/academic-personnel-programs/_files/apm/apm-270.pdf

Assistant Professor:

Applications must be submitted through the University of California San Diego's Academic Personnel RECRUIT system at: <https://apol-recruit.ucsd.edu/apply/JPF02435>.
