| Monday, January 6  | Gerald Berry, M.D.  
Stanford University Medical Center  
“Talk TBA”                                                                                                                                  |
| Monday, January 13 | Jinsong Liu, M.D., Ph.D.  
University of Texas MD Anderson  
“The Tumor Origin and Therapeutic Resistance: Insight from Polyploid Giant Cancer Cells”                                               |
| Monday, January 27 | Sean Bendall, Ph.D.  
Stanford University, School of Medicine  
“Talk TBA”                                                                                                                                  |
| Monday, February 3 | Livia Eberlin, Ph.D.  
University of Texas at Austin  
“Ambient Mass Spectrometry for Cancer Diagnosis and Clinical Use”                                                                 |
| Monday, February 10| Genhong Cheng, Ph.D.  
UC Los Angeles  
“Regulation of Infection, Inflammation and Metabolism by Type I Interferon-Mediated Innate Immune Response”                     |
| Monday, February 24| Farnaz Hasteh, M.D. & Somaye Zaro, M.D.  
UC San Diego Department of Pathology  
“Intraoperative Assessment of Pelvic Lesions in Female Patients: An Interactive Approach Using Cytology and Frozen Section slides” |
| Monday, March 2    | Monica Guma, M.D., Ph.D.  
UC San Diego Department of Medicine  
“Talk TBA”                                                                                                                                  |
| Monday, March 9    | Alan R. Saltiel, Ph.D.  
UC San Diego Department of Medicine and Pharmacology  
“Inflammation and the Regulation of Energy Homeostasis”                                                                                 |
| Monday, March 16   | Ruth S Waterman, M.D., MS  
UC San Diego Department of Anesthesiology  
“Pharmacogenomics and Precision Medicine: The Future or Fantasy?”                                                                           |
| Monday, March 23   | Rohit Loomba, MD, MHSc  
UC San Diego Department of Medicine  
“Advances in NASH”                                                                                                                           |
| Monday, March 30   | Michael Kalichman, Ph.D.  
UC San Diego Department of Pathology  
“Fostering Integrity in Science”                                                                                                           |

The University of California, San Diego School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of California, San Diego School of Medicine designates this educational activity for a maximum of 1.0 AHA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity. OBJECTIVES: Examine current research development and integrate informed clinical decisions based on research outcomes. Implement basic sciences and clinical science simultaneously in medical education programs. Discuss responsible and balanced debate on conventional and controversial research influencing the field of health sciences. Evaluate and examine total human condition through basic and clinical science research studies.
