## UC San Diego School of Medicine

### Pathology Research Lecture Series

**Spring 2019**

**Mondays, 4:00 p.m. – 5:00 p.m.**

Leichtag Biomedical Research Building - 1st Floor, Room #107

<table>
<thead>
<tr>
<th>Schedule</th>
<th>Speaker</th>
<th>Topic</th>
</tr>
</thead>
</table>
| Monday, April 15 | Stephanie Eisenbarth, M.D., Ph.D.  
Yale University  
“A Unique T Cell Drives Anaphylactic IgE” |                                                                                   |
| Thursday, April 22 | Diane Shelton, D.V.M., Ph.D.  
UC San Diego Department of Pathology  
“A Mitochondrial Transporter SLC25A12 Gene Mutation Shows a Strong Association with Inflammatory Myopathy in a Family of Dutch Shepherd Dogs” |                                                                                   |
| Monday, April 29 | Denise Malicki, M.D., Ph.D.  
UC San Diego Department of Pathology  
“How to Use Pathology to Understand Your Study Results” |                                                                                   |
| Monday, May 6 | Jacqueline E. Payton M.D., Ph.D.  
Washington University School of Medicine  
“Talk Title TBA” |                                                                                   |
| Monday, May 13 | Sanjay Nigam, M.D.  
UC San Diego Department of Pediatrics  
“Rewriting the Story of Drug Transport and Metabolism According to Biology” |                                                                                   |
| Monday, May 20 | Frank Furnari, Ph.D.  
UC San Diego Department of Pathology  
“Leveraging PTEN Nuclear Function for Therapeutic Intervention in Glioma” |                                                                                   |
| Monday, June 3 | Patricia Gaines de Oliveira, Ph.D.  
UC San Diego Department of Medicine - Rheumatology, Allergy and Immunology  
“The Role of Sialic acids in Rheumatoid Arthritis Fibroblasts-Like Synoviocytes (FLS) ”  
Meghan O. Altman, Ph.D.  
UC San Diego Department of Pathology  
“Can We Forecast the Next Major H1N1 Influenza Strain?” |                                                                                   |
| Monday, June 10 | Vanessa Goodwill, M.D.  
UC San Diego Department of Pathology  
“Novel Retinal Protein Aggregates in Patients with Sporadic Creutzfeldt-Jakob Disease and Chronic Traumatic Encephalopathy”  
Nazia Abbasi, Ph.D.  
UC San Diego Department of Pathology  
“DDX3-Dependent RNA Programs Promote T-cell Specification, Colitis, and Intestinal Tumorigenesis” |                                                                                   |
| Monday, June 17 | Jin Lee, Ph.D.  
UC San Diego Department of Pathology  
“Preventive Inhibition of Liver Cancer by Systemic Activation of Innate Immunity”  
Catherine Aivati, Ph.D.  
UC San Diego Department of Pathology  
“Talk Title TBA” |                                                                                   |
| Monday, June 24 | Christina Alarcon  
UC San Diego Department of Pathology  
“Talk Title TBA”  
Nicolas Corley  
UC San Diego Department of Pathology  
“Talk Title TBA” |                                                                                   |

The University of California, San Diego School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of California, San Diego School of Medicine designates this educational activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity. Objectives: Explore current research development and integrate informed clinical decisions based on research outcomes – implement basic sciences and clinical science simultaneously in medical education programs. Discuss responsible and balanced debate on conventional and controversial research influencing the field of health sciences. Evaluate and examine total human condition through basic and clinical science research studies.
