The UCSD T32 Fellowship in Biological Psychiatry & Neuroscience is accepting applications now!

The fellowship is a 2-year program that is aimed at training physicians, psychologists, and PhD scientists in conducting research towards the understanding of the biological underpinnings of mental disorders.

Application Process

The deadline for application to the Fellowship for the upcoming fiscal year is January 11, 2019; Fellows begin their appointment on July 1, 2019. Applicants must be a U.S. citizen or permanent resident.

Required application materials:
- Up-to-date CV
- 2-page "Specific Aims" of your proposed research project
- 3 letters of recommendation, including one from your research mentor

Should you need assistance identifying a research mentor from UC San Diego, please contact the Program Co-Director, Dr. Betty Shih at pbshih@ucsd.edu.

Important dates:
- Application deadline: January 11, 2019
- Decision: January 31, 2019
- Accept By: February 8, 2019
- Program start date: July 1, 2019
- Salary: NIH Postdoctoral Scale

After your completed application has been received; you will be notified if you qualify for an interview. Positions are offered by January 31. A firm acceptance of the offer is due by February 8. The minimum salary is NIH postdoctoral scale, but supplementation is frequently available and is negotiated with individual research mentors. Applicants must be US citizens or permanent residents.
